

Tell the student to login with either Firefox or the new Internet Explorer 7 and immediately click the Customize button.

This is what you are looking for, it may be in any of the columns depending on the layout the student uses.

## Deborah McGuire

### Available Channels :

- My Tasks
- My Tasks 2
- News
- Personal Tools
- Portal News & Tips
- RSS Channel
- Weather by AccuWeather
- Weather by Yahoo
- Web Sites
- Yahoo Search

### Channel Description :

**Web Sites**

This channel enables you to add in any public web page you would like to include in your layout, such as your favorite hobby site or your institution's main web page. NOTE: Certain types of web sites may forcibly redirect you out of CampusCruiser

### Tips :

You can choose a different **layout**, change the **order** of the contents within the columns, and add additional **channels**.

Click the **Save** button when you finish customizing your page.

Click the **Cancel** button will bring you back.

Click the **Revert** button will return this page back to the default view that existed prior to any customization.

### Choose a Layout :

click image to choose

Layout configuration interface with two columns:

- Column 1:** Personal Tools, Mini Calendar, Web Sites
- Column 2:** My Classes, My Clubs, My Committees, My Offices

Buttons: Add to Column 1, Add to Column 2, Edit, Remove Channel, Save, Cancel, Revert

Now click the X to remove the Web Sites channel from your layout and then be sure to click the SAVE button. Now you can go back to view your email or courses safely.
